Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

Notice of Non-Responsive Action

The reply filed on 5/20/09 is not fully responsive to the prior Office Action dated 04/23/2009 because of the following omission(s) or matter(s): Applicant elected the product claims and received an office action of the merits. The process claims were removed from further consideration. The applicant received a final office action but in the RCE the amended claims of applicant were switched from product claims by to process claims.

The election of product claims becomes fixed when the claims in an application have received an action on their merits by the office. See MPEP 818.01 and MPEP 821.03. The office does not permit Applicant to shift to claiming another invention after an election and action is given on the elected subject matter (MPEP 819 and MPEP 821.03).

In order to proceed with the RCE, the applicant is requested to amend the claims by to product claims or face abandonment of this case. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
